NOTICE - PLEASE READ

1. This permit becomes null and void if work and construction authorized is not commenced within six months, or if construction is suspended or abandoned for a period of six months, at any time after work is commenced.
2. No occupancy of any principal structure shall be allowed until a Certificate of Occupancy has been applied for and subsequently issued by the City.
3. Separate fees are required for the moving and placement of a manufactured structure on a property.
4. All property owners' contractors shall furnish suitable containers for the removal of building waste materials. No building materials shall be burned or buried within the City Limits.
5. This permit shall become invalid if applicant fails to comply with the appropriate city, state and federal laws as to license requirements, applicable health regulations, zoning restrictions, environment protection requirements, minimum standards as defined by Building, Plumbing, Electrical, and Fire Protection codes and unless work authorized by it shall have been commenced within six (6) months after date approved.

I hereby certify that I have read and examined this application and know the same to be true and correct. All provisions of laws and ordinances governing this type of work will be complied with. The granting of a permit does not presume to give authority to violate or cancel the provisions of any other state or local law regulating construction or performance of construction.
